

It is with broken hearts that we share the sudden passing of Colin Anthony Chilvers.

Colin leaves behind his beloved wife Colleen, his darling daughter Lucy, dear sister Jean, much-loved niece Gail and her brothers Chris, Paul, Ian and Neil Corbould, and the Canadian contingent of multitudinous nieces & nephews and friends.

Colin was an award winning director and master of special effects. His incredible career spanned over 4 decades in film & television.

A man of infinite interests & hobbies, Colin was an artist in multiple mediums, a member of the Phoenix Artists Group in Port Colborne, and President of the Niagara Woodcarvers Association, a carpenter, a chef, an avid angler & hunter & golfer, a gadget nut and tech support for the entire family.

His dry wit and quiet, observational manner belied a big hearted, quirky personality that snuck out in his love of bright socks, his collection of colourful shirts, and the occasional off colour joke.

Words simply cannot express how much he was loved by family and friends alike.

This world will be a little less magical without him in it ❤️

Cremation has taken place and a Celebration of Life will be planned in the new year. The family has requested donations to a cause close to your hearts in lieu of flowers & cards.
